**Report**

In the absence of the FIDE appointed Chairman, no truly formal meeting could take place. Those present deprecated this at some length.

The meeting then had an informal yet interesting discussion with Dr. Dirk Jordan about various aspects of the Dresden Olympiad. The meeting then turned to a discussion of the initiative of Mr. Glek, this includes the Moscow Open Chess Tournament starting 2<sup>nd</sup> of February 2008. There will also be some Mind Sports activity which is expected to lead into the proposed Mind Sports Games in Beijing October 2008
