1.3 Those titles gained by achieving a published rating at some time or other:

- 1.31 FIDE Master 2300
- 1.32 Candidate Master 2200
- 1.33 Woman FIDE Master 2100
- 1.34 Woman Candidate Master 2000

1.4 The GM, IM, WGM, WIM titles can also be gained by achieving norms in internationally rated tournaments played according to the following regulations.

1.41 The number of games

1.41a The player must play at least 9 games, however

1.41b Only 7 games are required for 7 round Continental and World Team Championships.

Only 8 games are required for 8 or 9 round Continental and World Team Championships.

1.41c Where a player exceeds the norm requirements by one or more full points, then the length of the tournament is considered to be extended by that number of games when the computing the total number of games.

1.42 Games as follows are not included:

1.42a against opponents who do not belong to FIDE-federations or who belong to Federations, which are temporarily excluded when the event starts

1.42b against computers

1.42c decided by forfeit, adjudication or any means other than over the board play. Other games once started, which are forfeited for whatever reason, shall however be included. However, a player may be scheduled to meet an opponent in the last round. He needs to play, but could afford to lose. Then, if the opponent forfeits, the norm shall still count.

1.42d against unrated players who score zero against rated opponents in round robin tournaments.

1.42e A player may ignore his game(s) against any opponents he has defeated, provided this leaves him with at least 9 games, against the required mix of opponents. Nonetheless, the full cross-table of the event must be submitted.

1.42f A player who has achieved a title result before the last round may ignore all games played subsequently, **provided he has met the required mix of opponents.**

1.42g Tournaments that make changes to favour one or more players (for example by altering the number of rounds, or providing particular opponents, not otherwise participating in the event.

1.43 Federations of opponents.

At least two federations other than that of the title applicant must be included, except for 1.43a-1.43e.

1.43a The finals (but not preliminaries) of **a national championship** and also **a national women's championships**. See 1.43b1.

1.43b Leagues and national team championships.

1.43b1 Title applications must include at least one tournament based on an event other than 1.43a and/or 1.43b.

1.43c Zonal tournaments.

1.43d Tournaments of other types may also be included with the prior approval of the QC Chairman.

1.43e Swiss System tournaments in which the competitors include at least 20 FIDE Rated players, not from the host federation, from at least 3 federations, at least 10 of whom hold GM, IM, WGM or WIM titles.

Otherwise:

1.44 Opponents shall be calculated using rounding up to the next whole number (for example $10 \times 22\%$

$= 2.2 = 3$):

1.44a For host federation players, **a maximum of 60% shall be from that federation.**

1.44b For players not from the host federation, **a maximum of 67% from that player's federation and a maximum of 78% from one federation.**

1.45 Titles of opponents:

1.45a At least 50% of the opponents shall be title-holders as in 0.31, excluding CM and WCM.

1.45b For a GM norm at least 3 of the opponents must be GMs.

1.45c For an IM norm, at least 2 GMs, 2 IMs and 1 GM, or 3 IMs.

1.45d For a WGM norm, 2 GMs, or at least 3 from the following group: GM, IM, WGM, FM.

1.45e For a WIM norm, 3 WIMs; **or 2 WIMs and at least 1 from the following group: GM, IM, WGM, FM; or at least 2 from this same group.**

1.45f For multi-round tournaments, a **player's title** shall only be counted once.

1.46 Rating of opponents

For an example of percentage rounding see 1.44.

- 1.46a Maximum 22% of the opponents shall be unrated.
- 1.46b The Rating List in effect at the start of the tournament shall be used.
- 1.46c For the purposes of norms, the minimum rating (**adjusted** rating floor) for the opponents shall be as follows:
- | | |
|----------------------------|------|
| Grandmaster | 2250 |
| International Master | 2100 |
| Woman Grandmaster | 2050 |
| Woman International Master | 1900 |
- 1.46c1 No more than two opponents shall have their rating raised to this **adjusted** rating floor. Where more than two opponents are below the floor, the rating of the lowest two opponents shall be raised.
- 1.46d Unrated opponents not covered by 1.46c shall be considered to be rated at the rating floor level, **in 2004 this was 1600.**
- 1.47 Rating Average of Opponents
- 1.47a This is the total of the opponents' ratings divided by the number of opponents. 1.46 shall be taken into account.
- 1.47b Rounding of the Rating Average is made to the nearest whole number. In this instance the fraction 0.5 is rounded upward.

1.48 Performance Rating

In order to achieve a norm, a player must perform at a level at least of that shown below:

	Minimum level prior to rounding	After rounding
GM	2600.5	2601
IM	2450.5	2451
WGM	2400.5	2401
WIM	2250.5	2251

- 1.49 Determining whether a result is adequate for a norm, dependent on the average rating of the opponents.

Chart 1.49a shows the rating range for tournaments up to 19 rounds.

These tables have been prepared such that the minimum average rating of the opponents is 2381 for a GM norm and that the minimum score is 35% for all titles.

7 rounds, including 4 title-holders, minimum 6 rated. Available only for 7 round Continental and World Team Championships

1.50 Requirements for award of the title, having achieved norms

1.50a Two or more norms in events covering at least 27 games

1.50b If a norm is sufficient for more than one title, then it may be used as part of the application for both.

1.50c To have achieved at some time or other a rating as follows:

GM	2500
IM	2400
WGM	2300
WIM	2200

1.50c1 Such a rating need not be published. It can be obtained in the middle of a rating period, or even in the middle of a tournament. The player may then disregard subsequent results for the purpose of their title application. However the burden of proof then rests with the federation of the title applicant. It is recommended that

players receive a certificate from the Chief Arbiter where they achieve the rating level during an event. Title applications based on unpublished ratings shall only be accepted by FIDE after agreement with the Rating Administrator.

1.50d A title result shall be valid if it was obtained in accordance with the International Title Regulations prevailing at the time of the tournament where the norm was obtained.

1.50e Title results remain valid for life. Thus there is no time restriction imposed on obtaining norms.

This must be certified by him as a correct report. The report must comply with the reporting procedures described in Article 11 of B.02. An additional compulsory requirement for all tournament reports is the submission of data as required by the Qualification Commission detailed in forms 5 and 6 to these Regulations (B 02).

1.95 If the Rating Administrator finds that the report is defective to the extent that it has to be returned for correction, the corrected report must be mailed to the Secretariat within four weeks of the date indicated by the Rating Administrator.
