

Addendum to the Report of the Verification Commission

Following our Report of June (Annex 4), we have the following comments to make:

1. The President has now paid USD 500,000.
2. The Deputy President is now supervising the FIDE Office in Athens.
3. The Treasurer has produced a report showing a projected decrease in annual costs between Athens and Lausanne of about CHF 220,000.
4. FIDE has received monies from both the Women's and the World Championships, which now has enabled monies to be paid to CACDEC and other Commissions.
5. We have received a letter from the General Secretary; the matters arising were either dealt with at our June Meeting or were not relevant to the Verification Commission.

Don Schultz apologises for his absence, but is unable to come to Calvia until after the Meeting of the Verification Commission on 24th October.

Lakhdar Mazouz
Chairman, Verification Committee

Nigel Freeman
Member, Verification Committee
