

77th FIDE Congress
Turin, Italy
27 May – 5 June 2006

MEDICAL COMMISSION REPORT
26 May 2006
9.30-11.00
Capablanca Room

Chairperson: Dr. Jana M. Bellin

Present: Dr. Hans-Joachim Hofstetter, Mr. David Jarrett, Dr. Hesham Elgendy, Mr. Arthur Schuering, Mrs. Poeng Dwi Hrtmisari.

I

II Chairperson's Report:

III A. Medical Commission activities since last FIDE Congress in Dresden 2005.

IV B. Results of testing at the Individual World Championship in San Luis. All tests were negative.

V C. Report on testing at the Women's World Championship in Ekaterinburg. Results are not yet available, but are expected to be negative.

VI

VII Medical Commission reporting to WADA

VIIIA. FIDE Drug testing statistical report was submitted.

IX B. WADA is currently gathering evidence about the cost of anti-doping programs to affiliated International Federations. Several detailed questionnaires were completed and submitted.

X

XI Beta-blockers

XIIA. As discussed at the Dresden FIDE Congress, the Medical Commission approached WADA requesting chess to be deleted from the list of sports in which the use of Beta-blockers is prohibited in competition.

XIIIB. The Medical Commission's submission to WADA, and WADA's initial response are enclosed as an Appendix.

XIV

XV Drug testing at Turin Olympiad

XVIA. The number of tests and the testing schedule were discussed and agreed.

XVII B. Hearing panel members, as proposed by Mr. Schuering, were discussed and will be notified.

XVIII

XIX AOB – No further points were raised.

XX

XXI Close of meeting

Dr. J. M. Bellin, FRCA
