**FIDE ARBITERS' COMMISSION MEETING**  
**ISTANBUL FIDE CONGRESS**  
**Istanbul, 2 September 2012**

Chairman Pan. Nikolopoulos opens the meeting and reads the names of the IA who passed away since the last Congress. The meeting commemorates the deceased during a minute of silence.

Eleven (11) out of thirteen (13) members of the Commission were present at the start of the meeting. IA Jose Martinez Garcia (MEX) and IA Hassan Haled (EGY) were absent.

**1. IA and FA Tas for approval**

The list of received applications with their recommendations is distributed.

Late applications will be reviewed by Chairman Pan. Nikolopoulos, Secretary D. De Ridder and Councillor W. Stubenvoll, before the start of the Congress.

Up to now no blitz tournaments have been taken into consideration, but only rapid.

Article 5.2 of the regulations for the titles of Arbiters will not change, as it secures a required level of the Arbiters.

**2. FA Titles and norms from FIDE Arbiters' Seminars for Approval**

All results of the completed FIDE Arbiters' Seminars to be approved have been published on the FIDE and Arbiters' Commission websites.

A statistical overview of the FA Seminars is presented.

Upcoming FA seminars are shown on the FIDE Website as well.

**3. Internet based FIDE Arbiters' Seminars**

There was a good cooperation with the Women's Chess Commission such that two seminars were organized, one in English and one in Spanish. In North and Latin America many FIDE Arbiters' Seminars on Internet have been organized successfully. During the next months an Internet FIDE Arbiters' Seminars will be organized for African and probably also for Asian federations. The costs will covered by the FIDE Arbiters Commission budget.

GM Thomas Luther proposes to organise a seminar for disabled chess players.

Chairman Pan. Nikolopoulos agreed and said that the Arbiters' Commission will be glad to cooperate with Mr. Luther on this issue.

**4. Amendments of the Regulations**

The following amendments were approved to be included in the Regulations for the titles of Arbiters:

**Article 3.8** Being Chief or Deputy Arbiter in any FIDE rated Rapid and Blitz events, with minimum thirty (30) players and nine (9) rounds, shall be equivalent to one (1) FA norm. No more than one such norm either from rapid or from blitz will be considered for the title.

**Article 4.6e:** All official World and Continental Adult and Junior Rapid and Blitz Championships (maximum one norm).

The amendments will be in effect immediately after their approval by the General Assembly. The Commission does not accept that these rules will be applied retro-active since a huge amount of applications would have to be reviewed.

The proposal of IA Filipowicz to change the period for inactivity of the Arbiters from two (2) to four (4) years was not accepted ( eight (8) present Commission's members supported the proposal for the period to remain two (2) years and one (1) member supported the proposal of Mr. Filipowicz).

IA Filipowicz proposal to add Continental Rapid and Blitz Tournaments to the list of tournaments valid for upgrading an Arbiters' Category was postponed for decision to the 2013 FIDE Congress, in order to check which Rapid and Blitz tournaments are organised outside Europe. In the voting seven (7) members of the Commission voted for postponing, one (1) voted for immediate application of the proposal and one (1) member abstained.

The President of Polish Chess federation Mr. Tomasz Sielicki explained his proposal to upgrade an arbiter to A' category when he has done at least five(5) tournaments of B' category in a five(5) year period – which means that he is very active – is accepted with two amendments: minimum 150 participants and two different type of tournaments. This proposal will be proposed to the GA for approval.

#### **5. Update of the List of Lecturers**

Two candidates have been added: Sultan Ali Al Taher (UAE) and Guran Unal (TUR). Lecturer IA Hesham Elgendy may be removed from the list when there is news by the Egyptian Chess federation regarding his activity.

#### **6. Classification of the Arbiters**

The lists of Arbiters according to Categories ( A', B', C' D') is reviewed during the year by the Commission, after checking all proposals sent by the Federations. New recommendations can be sent to the Arbiters' Commission for the next Congress.

#### **7. Proposal for the Arbiters' Stipends in FIDE Events**

A first list for the Arbiters' Stipends was proposed at the 2011 Krakow FIDE Congress. Initially it was proposed that organizers would contribute about 10% of the stipend to FIDE. The Krakow Executive Board decided to form a subcommittee consisting of the Commission Chairman Pan. Nikolopoulos, Christian Krause, Hal Bond, the FIDE General Secretary Ignatius Leong and the four Continental Presidents, which would make a survey regarding the issue. This committee made a survey taking into consideration information from Elista Office for about 7400 tournaments that were organised in 2011, of which 450 resulted in title norms, presumably the total number of tournaments where a norm could be achieved should be three times as high. Unfortunately no distinction could be made between national championships and private tournaments.

The Arbiters' Commission is aware that some arbiters are not paid in tournaments but the list should give a basis to arbiters to negotiate a stipend with the organizers.

The presented list of Stipends includes all tournaments organized all over the World. For FIDE and Continental Championships 10% will be deducted from the Arbiters' Stipends and will be given by the Organizers to FIDE. For private tournaments where a norm can be achieved, an amount of 100 Euro shall be paid by the organizers to FIDE. Small Swiss and Round Robin tournaments are exempted from payment. Also National championships (individual or team, adults, juniors, youth, seniors, amateur, schools, etc.) are not charged with any fee.

From the total amount received, 30% will be paid from FIDE to the Continents, while the Arbiters' Commission may receive another part.

Christian Krause (GER) indicates that 100 Euro for a round robin is only a small amount of the budget of a tournament.

Mehrdad Pehlevanzadeh (IRI) referred that in Asia the tournament organizers cannot afford to pay to FIDE even the amount of 100 euros.

Lakhdar Mazouz (ALG) said that in Africa it is not possible such stipends and such contributions by the organizers to FIDE to be applied and asked for exception for Africa. Christian Krause (GER) proposes to indicate whether a tournament offers the possibility to players to achieve norms or not: in case they do the organizers should pay, in the opposite case no player would be able to achieve a norm.

Herman Hammers (NED) points out that those tournaments are already paying for rating a tournament. Mr. Lakhdar Mazouz, Continental president of Africa, requests that Africa would be exempted from payment since they do not have the necessary financial possibilities. Representatives from the UK, USA and India claim to have the same problems.

Luxman Wijesuriya (SRI) and Klaus Deventer (GER) point out that this list would give arbiters a good basis to have an acceptable reimbursement for the work done by the arbiter during the tournaments.

Genden Altanoch (MGL) asked why there should be a double taxation to FIDE for a tournament.

Chairman Pan.Nikolopoulos points out that actually there would be only one contribution from the arbiters, as their stipend shall be deducted, but the latter one implies that arbiters are paid in a correct way and that the proposal will give the possibility to the Arbiters to receive some money for their work during the tournaments.

A voting followed and nine (9) commission members out of nine (9) present at that time were in favour to accept the list of stipends and send it to the GA for approval.

The majority of the people who were attending the meeting had no objection against the list of stipends but it was strongly against the fees to be paid to FIDE.

## **8. License for Arbiters**

The regulations for the License for Arbiters were approved during the 2011 FIDE Congress in Krakow. Thereafter FIDE Arbiters' Commission sent a circular letter to all federations, informing them how the system would work. In June 2012 a letter was received by the Dutch Federation, which was opposing against this system. Chairman Pan. Nikolopoulos indicated that arbiters would only have to pay once for their license, in contrast to FIDE trainers. Only in the case of inactive arbiters there would be an additional payment.

Herman Hammers (NED) finds it not acceptable that an arbiter has to pay a fee after having already paid for the FA or IA title. Moreover he doesn't like the idea that an inactive arbiter has to pay once more in order to become active.

Igor Verechagin (RUS) points out that in other sports arbiters have to pass an exam every four years for which they have to pay and the License may be connected to such exams.

Frank Guadelupe (USA) asks information regarding national arbiters. Chairman replies that only those National arbiters who are going to be Arbiters in FIDE rated events will be charged for 20 Euros.

Alex McFarlane (SCO) points out that he was awarded the title of IA for life. He also asks whether it would be possible to downgrade the category.

Mrs. Lara Barnes (ENG), on behalf of David Sedgwick, requests that the fees would be substantially lower and the inactive arbiters shall not pay again for the License.

## **9. FIDE Arbiters' Commission's website**

Chairman Pan.Nikolopoulos presents the website online.

The website also now has the PowerPoint files to be used in the FA Seminars (currently only in English, but French and German versions will be available very soon).

Chairman Nikolopoulos asks all arbiters to contribute to the website and share their experience, sending in reports of incidents, appeals committee decisions, and so on.

**10. Arbiters' Manual**

All chapters are now ready and will be edited by Secretary Dirk De Ridder. The manual should be ready by the end of the year and will be published on the website. It will be a printed publication by FIDE in 2013.

**11. Arbiters' Awards**

The 1<sup>st</sup> Quarter of 2012 FIDE Presidential Board held in Al Ain decided to introduce Awards for Arbiters, referring to their long service as officials. 10 applications were received and the Award will be given during the GA to Yuri Averbakh (RUS), Lembit Vaheasaar (EST), Philip Haley (CAN) and Zvi Bar-Shira (ISR).

Almog Burstein believes that this is a nice initiative from FIDE and the Arbiters' Commission, but requests that FIDE would give some financial support when the awardees would come personally to collect the award.

Hal Bond asks that future awardees would be informed personally.

General Secretary Ignatius Leong points out that FIDE is looking for organizing an event with awarding prizes in all categories of Chess Officials.

**12. FIDE Arbiters' Commission's budget for 2012-2013**

Chairman Pan.Nikolopoulos will discuss the budget this week with FIDE Treasurer Nigel Freeman. In general the Commission does not exceed the approved budget but for the next year more FIDE Arbiters' Seminars have been scheduled to be organized also on Internet.

**13. Other**

Guidelines on treatment for disabled players should be published in the FIDE Handbook. Secretary Dirk De Ridder referred to his report for the 1<sup>st</sup> World Chess Games for Disabled that were organized in Dresden, Germany.

## **ARBITERS' STIPENDS**

In 2010 Krakow FIDE Congress the FIDE Arbiters' Commission had presented a proposal about the Arbiters' Stipends in World and Continental events, included also stipends for the Arbiters in private tournaments.

Additionally it was a proposal of deducting a 10% of the stipulated amount from the Arbiters' Stipends by the Organizers and giving it to FIDE.

During the discussion of the proposal they were strong objections, based on the fact that the Arbiters' Stipends in small private tournaments are too low (if any) and because of the high amount of money on hypothetical stipends the Organizers would be obliged to give to FIDE, they would reduce the rated tournaments and by this way actually FIDE would lose money, instead of getting.

The Executive Board established a subcommittee, consisting of P. Nikolopoulos, C. Krause, H. Bond, the 4 Continental Presidents and I. Leong, as FIDE General Secretary, to make a survey and bring a new proposal in Istanbul FIDE Congress.

The subcommittee made a survey based on Germany's tournaments (C. Krause) and on tournaments all over the world, through files received by Elista Office (P. Nikolopoulos).

According to this:

Approximately 7400 (average) tournaments are organized per year all over the world  
5900 of them are SS and other formats.

1500 of them are RR and DRR.

From the 5900 SS and other tournaments: 4700 are with less than 50 participants

1000 are with 50-150 participants

160 are with 150-300 participants

40 are with more than 300 participants

From the 1500 RR and DRR tournaments: 1430 are of Categories 0-7

60 are of Categories 8-15

10 are of categories 16 and higher

From all these 7400 tournaments, about 450 gave norms to the players.

290 of them were SS and other systems

160 of them were RR and DRR.

Elista Office was not able to provide us with more details regarding tournaments that was possible to give norms (fulfilling the relative criteria of the regulations) to the players organized all over the world, but we can assume that they could be about 1300 to 1400 ( 3 times the tournaments that finally gave norms).

It was also not possible to get the number of all kind of National Championships (Individual and Team, Adult and Youth, Seniors, Amateurs, Schools), organized per year all over the World, but we can assume that about 500 to 600 (120 active federations, having in average 5 such tournaments per year) tournaments of National Championships may be between the 7400 tournaments.

Taking into consideration the above numbers the subcommittee makes the following proposal:

(1). The subcommittee proposes the new list of Arbiters' Stipends, as it is submitted (list of June 2012)

(2). For World events (tournaments No 1-19 in the list) and Continental events (tournaments No 20-22 in the list), a 10% of the stipulated amount of the Arbiters' Stipends shall be deducted and paid by the Organizers to FIDE.

(3). for top level private tournaments (tournaments No 23 in the list), 200 euros shall be deducted and paid by the Organizers to FIDE.

(4). for private tournaments with possibilities to give norms to the players (tournaments No 24-27 in the list), 100 euros shall be deducted and paid by the Organizers to FIDE.

(5). All other private tournaments (No 28, 29 in the list) are excluded from the above payment.

(6). All National Individual, Team, Adult, seniors, Amateurs, Youth and Schools Championships are excluded from the above payment.

(7). The Arbiters' Stipends in private tournaments (No 23 to 29 in the list) are under negotiations with the Organizers.

According to the above proposal the amount of money that may be collected for FIDE will be 100.000 to 130.000 euros per year (10.000 to 20.000 from World, 20.000 to 30.000 from Continental events and 70.000 to 110.000 from private tournaments).

The stipulated amount from tournaments No 20 to 22 in the list shall be given to the Continents (shared accordingly to their tournaments).

The 30% of the stipulated amount from tournaments No 23 to 27 in the list shall be given to the Continents (shared accordingly to their tournaments).
