Opening

Chairman Takis Nikolopoulos welcomed the members of the FIDE Arbiters' Commission and the other participants of the Commission's meeting.

Since the last Congress three International Arbiters passed away: IA Kira Zvorykina (RUS), IA Evelyn Koshnitsky (AUS) and IA Armen Nikoghosyan (ARM). The chairman asked for a minute of silence in their memory.

1. Meeting of the Arbiters' Commission Councillors in Dubai

Chairman Takis Nikolopoulos informed about the meeting in Dubai, 7-9 August 2015. He thanked the hosts, the Arab Chess Federation and the Dubai Chess and Culture Club, for the excellent organization of the meeting and the great hospitality they provided to the Chairman and the Members of the Commission.

The minutes of the meeting have been published on the FIDE and the Arbiters' Commission websites and were distributed as an annex of the agenda.

2. IA and FA Title Applications

Chairman Takis Nikolopoulos reported that a sub-committee, consisting of Takis Nikolopoulos, Mahdi Abdulrahim and Werner Stubenvoll, is responsible for checking the IA and FA title applications. There are still new applications coming in. 58 IA and 88 FA title applications have been submitted so far. The final report with the recommendations for all title applications will be forwarded to the FIDE Executive Board.

3. FA titles from FIDE Arbiters' Seminars

According to the art. 3.10 of Regulations for the titles of Arbiters, applicants from federations which are unable to organize any tournaments valid for titles or rating, may be awarded the title on passing an examination set by the Arbiters' Commission. A list of the federations that are included in the article 3.10 was distributed.

The recommendations of the Commission to the FIDE Executive Board for awarding direct titles to such applicants are submitted to the Executive Board for approval.

4. Amendments of the Regulations

There was a proposal from the Welsh Chess Union regarding the age limit for arbiter titles. According to the Regulations the current age limit for awarding the titles of International and FIDE Arbiter is 21 years, while the age limit for the License to be given to an Arbiter of National Level has been agreed to 17 years.

The Wales Chess Union proposes to lower the minimum age for a FA title to 18 years and for a license to an Arbiter of a National Level to 16 years. The commission received e-mails supporting this proposal.

Stewart Reuben said that much more important than the age are the necessary skills of a person willing to act as an arbiter.

Bharat Singh pointed out that in some countries there may be legal problems if very young arbiters take a decision which would decrease the money prize of a player.

The members of the Arbiters' Commission unanimously agreed to keep the current age limit for IA and FA. The majority of the other persons agreed as well.

On proposal of chairman Takis Nikolopoulos the Welsh Chess Union's proposal concerning the age limit for the Arbiters of National level was accepted and the age limit for a license to be issued for an Arbiter of national level will be lowered from 17 to 16 years.

Regarding the FIDE Lecturers Casto Abundo proposed that an applicant should have a recommendation from the lecturer under whom he was the assistant. Further he proposed that the Arbiters' Seminar where an applicant acted as an assistant should be within a four years period, because the Laws may change every four years. The proposal was accepted by the Commission. It was also agreed new forms FL1 and FL2, similar to FA1/IA1 and FA2/IA2, to be introduced for the applications for the FIDE Lecturers.

Chairman Takis Nikolopoulos informed that up to now there are 52 lecturers, 27 from A-category, 9 from B-category, 4 from C-category and 12 from D-category. The Commission agreed for a proposal regarding the requirement of the Lecturer's Category to be at least C' to be submitted in the next FIDE Congress for discussion.

Sevan Muradian proposed to increase the number of seminars to become lecturer. He will forward a written proposal for the next Congress.

Anastasia Sorokina proposed to have fewer seminars as a requirement for female lecturers. The proposal was not accepted as it would decrease dramatically the level of the female Lecturers.

Chairman Takis Nikolopoulos informed that Arbiters' Commission is going to organize seminars on internet for the lecturers, in English, Russian, Spanish and Arabic language. All lecturers will have to attend one of these seminars in order to be eligible to teach in FIDE Arbiters' Seminars as lecturers.

5. Update of the List of Lecturers

Chairman Takis Nikolopoulos informed about the applications of IAs who want to be lecturers:

IA Pablyto Ribeiro (BRA), IA Artiom Akhmetov (RUS), IA Bechir Messaoudi (TUN), IA Mohamed El Hussein (EGY), IA Gene Poliarco (PHI), IA Hamid Majid (MAS), IA Laurent Freyd (FRA), IA Bong Bunawan (INA), IA Omar Salama (EGY).

IA C. Abundo (PHI) pointed out that in both Seminars where he was the main Lecturer and IA G. Poliarco the Assistant Lecturer, IA G. Poliarco didn't show the required level for a Lecturer. IA Mehrdad Pahlevanzadeh (IRI) confirmed that IA G. Poliarco has not adequate experience for a Lecturer. After some discussions it was agreed to postpone the decision about IA G. Poliarco until he will be Assistant Lecturer in another FIDE Arbiters' Seminar and the main Lecturer will give a positive recommendation for him. IA Omar Salama (EGY) was Assistant Lecturer in two FIDE Arbiters' Seminars so far, but as he will be Assistant lecturer in a third Seminar (Reykjavik, 15-20 November 2015), he was accepted conditionally. The other applications had been accepted by the Commission, according to the regulations.

6. Classification of the Arbiters

The lists of arbiters per categories were prepared by IA Werner Stubenvoll for approval by the Executive Board. Additionally he presented a list of accepted and refused upgrades, according to the requests of the National Federations for their Arbiters and the regulations for the classification of the Arbiters.

Chairman Takis Nikolopoulos informed about the number of licensed arbiters, titled and of National Level.

Statistics have been submitted in the report for the information of the Executive Board.

7. FIDE Arbiters' Magazine

The first issue of the FIDE Arbiters' Magazine was presented by the Chairman and was distributed to the participants of the Meeting. The main task is to help arbiters in their work and to inform about cases happened during tournaments, with the decision of the Arbiters. There should be at least two issues per year in the future. On the

Arbiters' Commission website the magazine has been published and is available for downloading. It will be sent to all National Federations.

Chairman Takis Nikolopoulos asked for the help of all arbiters who may send interesting cases to the Commission, in order to be included in the Magazine.

8. FIDE Arbiters' Commission's Budget for 2015-2016

Chairman Takis Nikolopoulos informed that the next budget in connection with the running projects of the Commission will be discussed with FIDE Treasurer Adrian Siegel during the Congress.

A plan for the future is to force an applicant for the IA title to have one norm outside his home federation. For this purpose there should be a part of the budget available.

It was mentioned that the Seminars, Workshops and Refreshing Courses organized by the Commission is free for all participants but in future it may be a low participants fee, in order to increase the income.

9. Report of the Disciplinary Subcommittee

Chairman Takis Nikolopoulos informed the Commission about the work of the Disciplinary Subcommittee, which consists of IA Andrzej Filipowicz as chairman and the members IA Klaus Deventer, IA Carol Jarecki, IA Ivan Surovy and IA Haroon or Rashid.

Up to now they had dealt with the cases of the Mongolian Arbiters, where two arbiters had been penalized to be out of the list of arbiters for two years, until end of 2016, because of fraud norms for the IA title and the case with two Indian Arbiters who didn't fulfil their duties during an incident that happened in the World Youth Chess Championships 2014. The decision of the subcommittee regarding the second case has been submitted for approval by the Executive Board and includes a penalty of ban for both Arbiters until 1 January 2016. Both Indian Arbiters have agreed with the decision and didn't make any appeal.

IA Klaus Deventer is representing the Arbiters' Commission in Anti Cheating Commission. He informed the Arbiters' Commission about the Anti cheating Commission Meeting in Italy. According to the Anti-Cheating Guidelines, "players, organizers, arbiters, national federations and other interested parties are all required to cooperate with Anti Cheating Commission".

He proposes to make an amendment of the Disciplinary Regulations for Arbiters, including a penalty for an Arbiter who is not cooperating with ACC, Ethics or Qualification Commissions. His proposal is to add under Art. 1.3 k.:

"Failing to cooperate with the Arbiters' Commission, the Anti Cheating Commission, the Ethics Commission or the Qualification Commission or the institutions of these commissions, after an official request was made."

The proposed wording of art. 1.3. k was extended by the Counsellors meeting in Dubai with the addition : "... and there is a concrete proof that the arbiter was informed in time."

10. Arbiters' Manual

The next edition of the manual will be produced in 2016 and will be distributed in the FIDE Congress of Baku and in the Olympiad. IA Rathinam Anantharam (IND) will coordinate the preparations for the new manual. Proposals for changes or corrections, etc. should be sent to the Chairman and to Mr. Anantharam, who is the responsible Councillor of the Commission for the Arbiters' Manual project.

11. Others

Hal Bond and Sevan Muradian referred to the Anti Cheating Regulations for arbiters. It is too much work for an arbiter to check all the pgn-files by a program. The chairman informed that currently the program is not available, but it has to be discussed with the Anti Cheating Commission.

Kevin O' Connell sent a proposal to allow the long form notation for chess games. The commission agreed with his proposal that the long form of notation should be accepted. IA Ashot Vardapetian, Chairman of the FIDE Rules Commission, informed that this will be done in the new version of Laws of Chess.

Chairman Takis Nikolopoulos informed about a claim from GM Oleg Korneev against the decision of the arbiters to add time to his opponent because of throwing pieces out of the chessboard during a time pressure in his game against C. Noe, in Neckar-Open Tournament in Germany. The case was discussed by the Commission in its Meeting in Dubai and it was accepted that the arbiter may apply a penalty for this case, but the Commission cannot dictate the level of the penalty imposed. Therefore the result of the game stands. The decision was accepted.

The President of the Irish Chess Union refused to sign a FA norm from the Irish Chess Championship 2014 for Pete Morriss. Chairman Takis Nikolopoulos informed that the meeting of the Councillors in Dubai discussed the case and it

was decided that since Mr. Morriss was present only for the five out of the nine rounds of the event, his FA norm cannot be accepted. In the meantime another valid norm was sent by Mr. Morriss. The federation didn't submit the FA title application and it was submitted by the applicant himself to FIDE (according to the article 5.4 of the regulations for the titles of Arbiters). The recommendation is currently on "hold", in order the Commission to get more clarification and information regarding the case. The final decision will be forwarded to the next FIDE Presidential Board.

An incident that happened during the British U-8 Championship 2014 was discussed by the Commission. The whole case was already dismissed by FIDE Ethics Commission, as the father of the boy who was involved in the case had sent a complaint to the FIDE Ethics Commission. Ethics Commission sent the case to the Rules and the Arbiters' Commissions.

In the view of the Commission the main problem is that for the game where the incident happen, half a point was given to one player and a full point to the other player. Bharat Singh pointed out that a result of $\frac{1}{2}$ - 1 cannot be accepted by FIDE.

Chairman Takis Nikolopoulos proposed to write a letter to the English Chess Federation pointing out that such results should be avoided in the future.

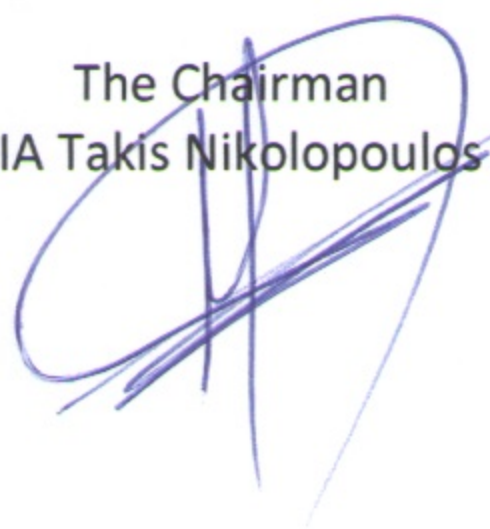

Ruben Stewart pointed out that the event was not FIDE rated and in fact such results do not exist in FIDE rated tournaments of the English Chess Federation.

The Arbiters' Commission after discussion agreed that according to the FIDE Laws of Chess the decision of the arbiters and the Chief Arbiter had been correct, but the applied by the Tournament manager result $\frac{1}{2}$ -1 does not exist in the FIDE Laws of Chess. However, as there was no intention by the English Chess Federation to send the event to FIDE for rating, they could follow only internal regulations and therefore there is no reason to penalize anybody.

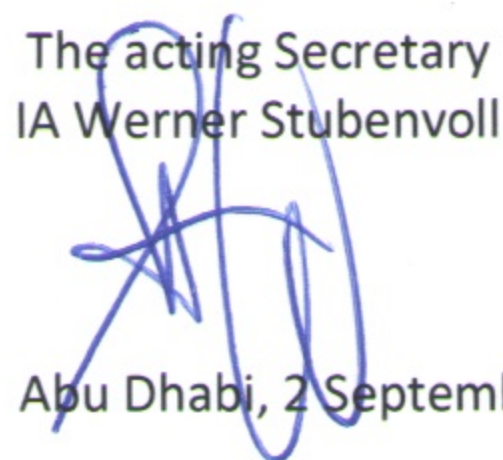

IA Igor Vereshagin has sent a letter with a couple of proposals to FIDE Commissions. His proposal for organizing refreshing courses for lecturers was discussed. It was accepted that such a course can be organized on Internet, in order to minimize the cost for the participants.

Werner Stubenvoll proposed to invite all lecturers to participate in a refreshing course for Lecturers on Internet every four years.

IA Takis Nikolopoulos

**FIDE Arbiters' Commission
Disciplinary Subcommittee
Warsaw, June 20, 2015**

**The final decision regarding the behaviour of both arbiters from
India, brothers FA Joythi Ganesh Amarnath and FA Inaganti
Amarnath during the 2014 WYCC in Durban RPA**

The Disciplinary Subcommittee composed of Chairman IA Andrzej Filipowicz (POL) and members IA Carol Jarecki (IVB), IA Ivan Syrový (SVK), IA Klaus Deventer (GER) and IA Haroon Or Rashid (BAN) has discussed the case of Indian arbiters, that was sent to us by IA Takis Nikolopoulos, Chairman of FIDE Arbiters' Commission.

The Facts

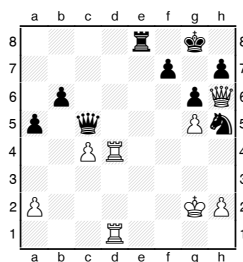

In the last round, in the group under 10, of the 2014 WYCC the Ukrainian player V. Larkin properly claimed a draw. The critical will appear the third time after the move written on the scoresheet

□ **V. Larkin** (Ukraine - 1751)

The first position.

34...Qc6+ 35.Kf2 Qc5 36.Kg2 (D)

The second position.

36...Qc6+ 37.Kf2 Qc5 (D)

According to the White player V. Larkin, in this position he wrote the move to be played (38.Kg2), stopped the clock and called the Arbiter.

We think there is no doubts regarding the manner of player proceeding, because despite the age, he is rated 1751 and quite experienced player. This procedure was confirmed by the Chief Arbiter and Appeal Committee.

The called **Arbiter FA Inaganti Amarnath of India**, who came to the board and later said: „when the boy V.Larkin raised hand to call Arbiter I moved to him (from the other side Mr. Ganesh also) and asked the boy about his claim, he replied that he like to claim draw through threefold repetition, at the same time a neighbour board was finished their game, as Mr. Ganesh was available I requested him to take care of the claim as I am nearer to the board which is finished”.

Remark: This argument is doubtful – the arbiter is obliged to check the position immediately after the claim. The position was quiet simple to check it. It means he made nothing in the case and transfered the duty to his brother. According to our feeling the claim for a draw was made properly. White wrote the move 38.Kg2, stopped the clock and called arbiter.

Arbiter did not take the task at all – see: „I am humbly telling that I never entered into claim. Myself and Mr. Pramateftakis George (colleague Arbiter) were busy there to take care of remaining boards when Mr. Ganesh is engaged with claim”.

FA Inaganti Jyothi Ganesh: „I was given the responsibility to arbitrate in the Under -10 section of the tournament”. Mr. Amarnath Inaganti who was also an arbiter in U-10 section asked me to attend a claim on 15th board Larkin Vladislav, UKR vs Malkoc Tilen, SLO as he was busy with another board and the sector arbiter was not around. One player on the board made a claim for three fold repetition. I took the score sheet and checked the game on another board to verify the claim while the clocks were stopped. On checking the game, I found that there was only two fold repetition. Since the claim is technically wrong, I asked both the players to continue the game”.

Remark: if this is true, what about two minutes to the opponent?

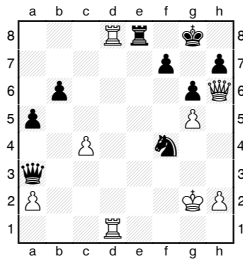

The story continue: „player **V.Larkin** stated crying and called for the arbiter. When I went to the board I noticed that the position has significantly changed and the player was in a losing position. He was crying that the draw was not awarded to him. As the sector arbiter was not present, I went to the Chief arbiter (on the advice of the neighboring sector arbiter) and sought his advice. The chief arbiter came to the board. Meanwhile the sector arbiter also came and together we all verified the game from the score sheet. Our sector arbiter also opined that a draw could not be awarded as the claim was not proper (since it was made after second repetition of the position). However the Chief arbiter awarded the draw”

Remark: this confirms the lack of basic chess knowledge of the arbiter.

The facts - continuation

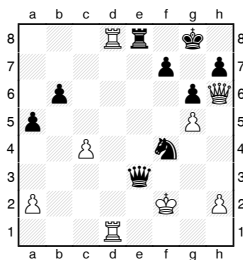

According to both players the Arbiters **FA Inaganti Amarnath** and **FA Inaganti Jyothi Ganesh** and rejected the claim and ordered to continue the game. According to the Arbiters, in this position never any claim was done. They pointed out Arbiter 3 to have interfered in some way... The later rejected their statement and rightly claimed that he wasn't even responsible for this Board.

38.Kg2 Qa3 39.Rd8 Nf4+ (D)

This is the second disputed position that Arbiters **FA Inaganti Amarnath** and **FA Inaganti Jyothi Ganesh** claimed that the White player asked them to be awarded a draw due to the triple repetition made on moves 34, 36 & 38. They rightly rejected the claim. Here comes the Arbiter 3, who was passing by and advised them to examine the game before to decide. The Arbiters 1 & 2 reconstructed the game and rejected the draw claim. Here, all parties agreed during the examination.

40.Kf2 Qe3+ (D)

In this position the White player went to the Chief Arbiter and asked him (in English) to announce a draw due to his right claim before He played his 38th move. He said that the Arbiter 1 wrongly rejected his claim. The Chief Arbiter reconstructed the game in the presence of both players. As the Black player remained silent (He knows no English) the Chief Arbiter announced the game drawn. 1/2-1/2

Chief Arbiter Report

Before playing through the game, I asked the UKR player what and why he is claiming. He said that he is claiming 3-fold repetition of the position based on the fact that his next move (it was his turn to play) would result in the position being repeated 3 times (he wanted to play Kf2 – the king was on e2). We then proceeded playing through the game (with Carlos assisting). When we came to where the position appears for the 1st time, the UKR player told us that this is the position that will be appearing later again. We packed this position on another board (duplicating the position) we played on. When the position appeared again (2nd time), we played on again and just before the position appeared for the 3rd time (the white king is currently standing on f2), the UKR player said that this is the moment where he stopped the clocks and claimed a draw (he wanted to play Kg2 resulting in the position appearing for the 3rd time). Carlos and I noted - It was clear that the UKR player was claiming correctly and that the position will indeed appear for the 3rd time.

I asked the UKR player why there were more moves notated on his score sheet. He said that the “arbiters” did not agree that it was a valid 3-fold claim and instructed him to play on. We played through the remaining few moves. Black: instead of playing Qc5 to c7 (this needs to be checked on the original score sheets as I cannot clearly remember if the black queen was on c6 or c7 or perhaps another square) he now played and notated Nf4. The remaining sequence invalidated any 3-fold positions possible appearing (in fact, if I remember correctly, the very final position was a mate-in-2 for Black).

I reinstated the position to where the UKR player was claiming. I asked him again what happened and he told me the same story: he wanted to claim 3-fold (was about the play his king to f2) but the arbiter said it would not have been 3-fold and told him to play on. After that he played his king to f2).

Based on the evidence I declared the game drawn.

Additional remarks of Chief Arbiter IA Gunther van den Bergh

All arbiters were on time for all rounds as required. The general feedback I received from the sector arbiters were that "they" (the 2 Indian arbiters) were just "there". On very rare occasions they would assist at boards but these were with very trivial things such as "my pen is not working", etc.

At no stage did they get involved with making actual decision based on the Laws. If such an instance occurred, they would refer the matter to another arbiter or ask for assistance. It was a case of "en passant" - where one players said "you cannot move like that" and the opponent would say "yes I can". The arbiter was unable to solve this. I found this extremely strange that an FA was unable to react to a case like this.

I was very impressed with the level of knowledge and work done by all arbiters, except for the 3 names mentioned in my report, of which 2 of them were the 2 Indian arbiters. I was not impressed with them. I got the impression that they do not have a lot of experience, lack skill and have poor knowledge of the Laws of Chess. It is my opinion that these 2 arbiters are not up to the required level to even be FA.

During the Larkin - Malkoc case: at some time during the appeal, the appeal members took a break. They kept on insisting that they did nothing wrong but also acted very nervously. At no time did the younger of the two brothers talk. During the whole appeal process only the elder brother talked. Myself, Carlos and Jean-Baka tried to ask them why they refused the draw but they kept on insisting that they never refused anything. We were not convinced that they were telling the truth.

My overall impression: I feel that these two arbiters were not up to standard to execute their duties and responsibilities as arbiters. In my personal opinion I do not believe they are even up to standard with the minimum requirements for FA. I have worked with many many arbiters before of different levels. If an arbiter makes a mistake then he must admit it and you solve the problem. Never in my life have I encountered a case where it is so blatantly obvious that an arbiter lies. I do not tolerate this.

The final conclusion of the The Appeals Committee of WYCC 2014 is as follow:

The Appeals Committee strongly feels that the Arbiters FA Joythi Ganesh Amarnath (India) and FA Inaganti Amarnath (India) shouldn't allow being Arbiters never in the future, neither in FIDE nor in Indian events.

The decision of the All India Chess Federation sent two both Indian arbiters was

The Chief arbiter of WYCC had stated that: „Either one or both of players were lying or both of the Indian arbiters were lying. The Chief arbiter went to add that it was also noted that the evidence suggests that one or both Indian Arbiters were lying and refusing to admit guilt, instead of just saying: „sorry I made incorrect ruling”.

The members decided that till such time you these two arbiters improve their knowledge, they should not be posted as Chief Arbiter in any tournament including District level tournaments. Therefore you are here by informel that till such time you both improve ypur knowledge, you will be not allowed to officiate as Chief Arbiters in any tournament. Please be guided by the above.

Resume - the opinion and decision of the Disciplinary Subcommittee is as follows

1. There is no any doubts that both Indian arbiters never fulfilled their duties properly. It was not difficult problem to find the repetition. The three positions appeared in a few moves. It looks they did not know rules, regarding the appearance the same position.

2. Both Indian arbiters lied during the hearing of the Appeals Committee by denying the fact that there was a claim of threefold repetition.
3. Both brothers Inaganti have demonstrated
 - (a) Lack of sufficient basic chess knowledge for the FA title,
 - (b) Insufficient attention to duties, lack of ambition to properly supervise in a timely manner and actively and intentionally lying about their actions and trying to cover up their errors with more lies,
 - (c) Lack of transparency in their actions and statements in relation to these duties.
3. They fulfilled the requirements of the Disciplinary Regulations for Arbiters **see Art. 1.3h** *Failure to comply with the provisions of the Tournament Regulations and with the Rules, instructions, circulars and decisions of the arbitration bodies (written reprimand or/and disqualification up to six months)* **and 1.3i** The verbal or by acts abusive, indecent, inappropriate behavior towards members of the governing bodies of all kinds of chess and arbitration, to the players, coaches, other persons involved in the games and the spectators (disqualification for 3 to 12 months).

Decision

1. **The both Jyothi Ganesh Inaganti and Amarnath Inaganti of India should have their FA titles suspended and only reissued at a time after the suspension is satisfied and a new FA Seminar has been taken with satisfactory examination.**
2. **The both Indian arbiters should be disqualified for 9 months.**
