

Senior (women senior) age limits

The age limits for youth age groups are based on the year of birth.

In senior (and women senior) competitions January 1st is an exception.

Now that the dates of birth are not available on FIDE web rating list, it would be logical to change the age limit to be based on the year of birth only.

Proposal:

The player is allowed to participate senior (women senior) competition if he (she) will be at least 60 years (50 years) old during the year of the competition.

For example, in the year 2011:

In a senior competition players who were born in 1951 or earlier are allowed to participate, in a women senior competition female players born 1961 or earlier.

27.6.2010
